

CIMS SITUATION REPORT

<p>INCIDENT NAME: Gastroenteritis in Havelock North</p> <p>SITUATION REPORT FROM (Section /Unit):</p> <p>APPROVED BY (Name): Rachel Eyre</p> <p>DATE: 14th August 2016</p> <p>TIME: 16:00 hours</p> <p>PERIOD COVERED:</p> <p>PRIORITY: 1</p> <p>EOC/ICP LOCATION: Napier Health Centre</p> <p>CONTACT DETAILS:</p>	<p>Situation Summary: <i>(Include relevant output/resource statistics/capabilities/assessments as at report date/time)</i></p> <p>Operations</p> <p>Water Supply Chlorination of the water supply and Boil water notice in place for Havelock North Queries around when the water carrier transgression occurred and was notified to the HBDHB. This occurred on the 11th August at 10am.</p> <p>Schools/ECC's Attended a joint meeting with Ministry of Education, HDC and ourselves. The following points are noted:</p> <ul style="list-style-type: none"> • MoE & HBDHB both agree that joint communication to schools is best. An advisory has been sent to the schools. • MoE concerned about the impact of ill teachers on schools having adequate staff to cope. Impact not just on Havelock Nth schools as many teachers live in Havelock Nth and travel to Hastings, CHB & Napier to teach. • Schools are required to remain open although MoE will give dispensation to schools who simply don't have enough well teachers to operate – individual BOTs are able to make the call about shutting the school. • MoE concerned about the 26 ECECs in Havelock Nth – Hastings District Council will share water tankers between schools and larger ECECs not able to boil enough water. MoE will send communication to all Hastings home based ECECs centres as Havelock preschools often attend Hastings home based educators. <p>Planning and Intelligence</p> <p>Episurv All current notifications have been entered into Episurv. Analyst coming in at 2:30pm to the DHB EOC to assist with analysis of data on Episurv and mapping. Surveillance plan is developed and templates being prepared to be sent to the various organisations/agencies Collected data from Totara Health Flaxmere, Dr's Hastings in person and this is being collated. Te Mata Peak Practice and the Hastings Health Centre is sending in their data.</p> <p>Data</p> <ul style="list-style-type: none"> - 2 ICU Patients - 2 CCU Patients - 12 Patients Admitted - 40 Emergency Dept presentations – Data subject to further analysis - 183 GP Presentation so far (40 at Hastings Health Centre today) – Data subject to further analysis - 80 walk ins to Pharmacies today for gastro related illness - 62 Aged Residential Care (District Nurses at Summerset & Mary Doyle) - 60 calls to Health Line since 8 pm yesterday (10am data this morning)
